

Thinking and Reasoning Test

Language · Numbers · Patterns · Speed

Name _____

Age _____ years

Date _____

Highest level of education _____

Instructions

1. The test has **4 parts**. In parts 1–3 the questions start easy and **gradually get harder. Nobody is expected to get them all right.**
2. Each question has only **one** best answer. **Circle** the letter A, B, C or D.
3. Parts 1–3 have **no time limit**. Work at your normal pace; there is no need to hurry. (The tester only notes the time.)
4. If you are not sure, make your best guess. **Don't leave any question blank.**
5. You may use scrap paper. **No calculators or phones.**
6. A question like **“bird : fly = fish : ?”** means: find the word that relates to “fish” in the same way that “fly” relates to “bird”.

Part 1	Language and reasoning	Questions 1–15
Part 2	Numbers and calculation	Questions 16–30
Part 3	Patterns and relationships	Questions 31–45
Part 4	Matching speed (writing)	Timed: 90 seconds

Practice questions

Not scored · you may ask the tester for help

Practice 1 bird : fly = fish : ?

(A bird flies. What does a fish do?)

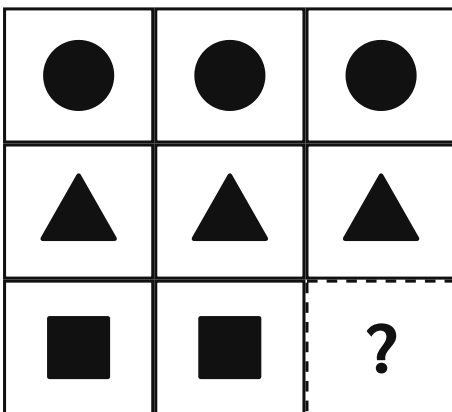

- A. water B. swim C. scales D. sea

Practice 2 What number comes next?

1, 2, 3, 4, ?

- A. 5 B. 6 C. 7 D. 8

Practice 3 What belongs in the ? box?

A.

B.

C.

D.

Practice 4 Facts:

- All dogs have four legs.
- Spot is a dog.

Which statement is correct?

- A.** Spot has four legs.
- B.** Spot has two legs.
- C.** Every four-legged animal is a dog.
- D.** There is not enough information to tell.

Part 1 Language and reasoning

Questions 1–15

1. hot : cold = high : ?

- A. big B. long C. low D. heavy

2. doctor : hospital = teacher : ?

- A. school B. student C. book D. chalk

3. What does the saying “When in Rome, do as the Romans do” mean?

- A. Always obey and follow the orders of your elders.
B. Adapt to the customs of the place where you are.
C. Be careful when you are among strangers.
D. Don’t believe everything you see with your own eyes.

4. Which is closest in meaning to the word “**thorough**”?

- A. passing from one side to the other
B. strict and demanding
C. quick and efficient
D. careful and complete

5. Four friends — Ben, Lucy, Sara and Tom — arrived at a party at different times. Ben arrived before Lucy but after Sara. Tom arrived after Lucy. Who arrived **second**?

- A. Tom B. Ben C. Sara D. Lucy

6. drought : water = famine : ?

- A. hunger B. poverty C. food D. rain

7. Which is closest in meaning to the word **“rash”** (as in “a rash decision”)?

- A. hasty and careless B. harsh and unkind
C. slow and cautious D. sad and regretful

8. What does the expression “to use a sledgehammer to crack a nut” mean?

- A. The powerful bullying those who are weaker.
B. Finishing small jobs first, then the big ones.
C. Trying to do something beyond your ability.
D. Using far too much effort for a small result.

9. Which pair has the same relationship as **caterpillar : butterfly**?

- A. honey : bee B. tadpole : frog
C. nest : bird D. paw : dog

10. Which is closest in meaning to the word **“eminent”**?

- A. about to happen
B. firm and steady
C. famous and respected
D. hard-working

Read the passage, then answer questions 11–12.

In one study, people who drank 2–3 cups of coffee a day lived longer, on average, than people who did not drink coffee. However, the coffee drinkers in this study also tended to have higher incomes and to exercise more regularly than the non-drinkers. So the researchers could not yet conclude that coffee really makes people live longer.

11. Which conclusion is best supported by the passage?

- A.** Coffee drinkers may live longer because of their income or exercise.
- B.** Drinking 2–3 cups of coffee a day really does make people live longer.
- C.** Drinking more than 3 cups a day may make people's lives shorter.
- D.** Regular exercise has no effect at all on how long people live.

12. To find out whether coffee really makes people live longer, which groups should be compared?

- A.** High-income coffee drinkers and low-income non-drinkers.
- B.** People who exercise regularly and people who never exercise.
- C.** Coffee drinkers and non-drinkers with similar income and exercise.
- D.** People who drink 2 cups a day and people who drink 3 cups a day.

13. Facts:

- Every musician in this band can read music.
- Sam can read music.

Which statement is correct?

- A.** Sam is definitely one of the musicians in this band.
- B.** There is not enough information to tell.
- C.** Sam is definitely not a musician in this band.
- D.** Everyone who can read music plays in this band.

14. Facts:

- Everyone who won a prize handed in their work early.
- Mary did not hand in her work early.

Which statement is correct?

- A.** Mary definitely won a prize.
- B.** There is not enough information to tell.
- C.** Everyone who handed in early won a prize.
- D.** Mary definitely did not win a prize.

15. Five houses stand in a row from left to right. Their owners are Kate, Nick, Pam, Nora and Olivia (listed in no particular order).

- Kate's house is at the far left.
- Nick's house is in the middle.
- Pam's house is next to Nick's.
- Olivia's house is somewhere to the left of Nora's (not necessarily next to it).

House 1
(far left)

House 2

House 3

House 4

House 5
(far right)

Which statement **must** be true?

- A.** Nora's house is at the far right.
- B.** Pam's house is 2nd from the left.
- C.** Olivia's house is next to Kate's.
- D.** Pam's house is next to Nora's.

16. You buy three items costing 45, 30 and 25 baht, and pay with a 500-baht note. How much change do you get?

- | | |
|--------------------|--------------------|
| A. 375 baht | B. 400 baht |
| C. 425 baht | D. 450 baht |

17. What number comes next?

2, 5, 8, 11, ?

- | | | | |
|--------------|--------------|--------------|--------------|
| A. 12 | B. 13 | C. 14 | D. 17 |
|--------------|--------------|--------------|--------------|

18. A shirt normally costs 400 baht. It is on sale at 25% off. How much do you pay?

- | | |
|--------------------|--------------------|
| A. 100 baht | B. 250 baht |
| C. 300 baht | D. 375 baht |

19. What number comes next?

1, 4, 9, 16, 25, ?

- | | | | |
|--------------|--------------|--------------|--------------|
| A. 30 | B. 34 | C. 35 | D. 36 |
|--------------|--------------|--------------|--------------|

20. A car travels at 60 kilometres per hour. How long does it take to travel 150 kilometres?

- | | |
|------------------------------|------------------------------|
| A. 2 hours | B. 2 hours 15 minutes |
| C. 2 hours 30 minutes | D. 2 hours 50 minutes |

21. You mix 1 part syrup with 4 parts water. To make 1,000 millilitres of the mixed drink in total, how much syrup do you need?

- | | |
|---------------------------|---------------------------|
| A. 200 millilitres | B. 250 millilitres |
| C. 400 millilitres | D. 800 millilitres |

22. What number comes next?

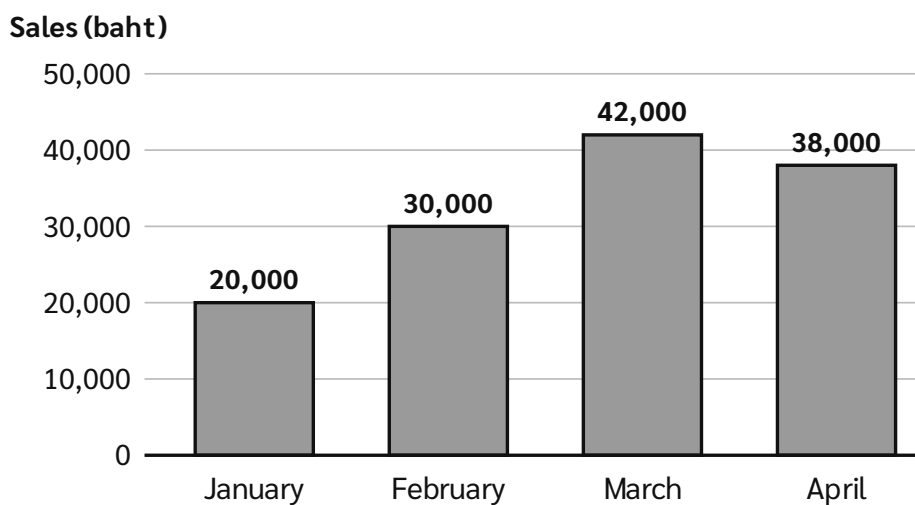

2, 3, 5, 8, 12, 17, ?

- | | | | |
|--------------|--------------|--------------|--------------|
| A. 20 | B. 21 | C. 22 | D. 23 |
|--------------|--------------|--------------|--------------|

Look at the table and chart, then answer questions 23–24.

Sales of a small rice-and-curry shop

Month	Sales (baht)
January	20,000
February	30,000
March	42,000
April	38,000

23. What were the average monthly sales over the 4 months?

- A. 26,000 baht
- B. 30,000 baht
- C. 32,000 baht
- D. 32,500 baht

24. Which month had the largest **percentage** increase over the month before?

- A. February
- B. March
- C. April
- D. February and March rose by the same percentage

25. A father is now 3 times as old as his son. In 12 years he will be twice as old as his son. How old is the son now?

- A.** 12 years
- B.** 18 years
- C.** 24 years
- D.** 36 years

26. Adam can finish a job alone in 6 hours. Beth can finish the same job alone in 3 hours. If they work on it together, how long will it take?

- A.** $1\frac{1}{2}$ hours
- B.** 2 hours
- C.** $4\frac{1}{2}$ hours
- D.** 9 hours

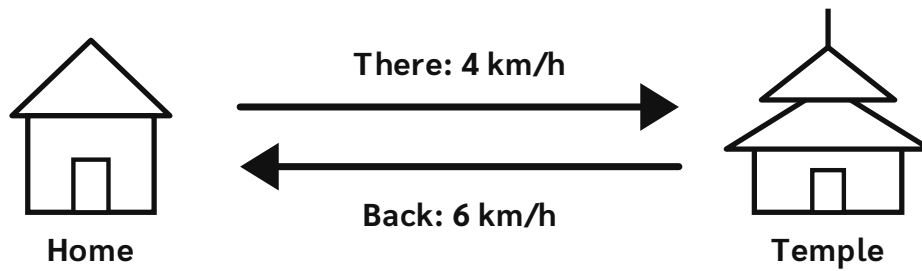

27. A price goes up by 20%, then comes down by 20% (of the new price). Compared with the original price, the final price is:

- A.** the same as the original
- B.** 20% lower than the original
- C.** 4% higher than the original
- D.** 4% lower than the original

28. A class has 30 students: 12 boys and 18 girls. The boys' average score is 60, and the average for the whole class is 66. What is the girls' average score?

- A.** 68 points
- B.** 70 points
- C.** 72 points
- D.** 76 points

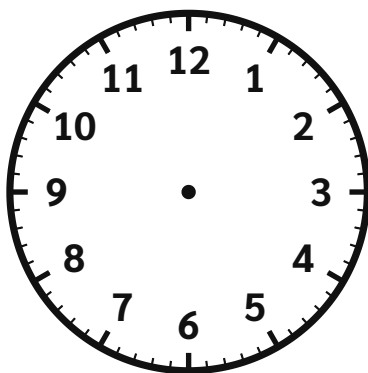

29. You walk from home to the temple at 4 kilometres per hour, then walk back home the same way at 6 kilometres per hour.

What was your average speed over the whole trip, there and back?

- A.** 4.4 km/h
- B.** 4.5 km/h
- C.** 4.8 km/h
- D.** 5.0 km/h

30. When a clock shows 3:30 in the afternoon, what is the angle between the hour hand and the minute hand? (Give the smaller angle.)

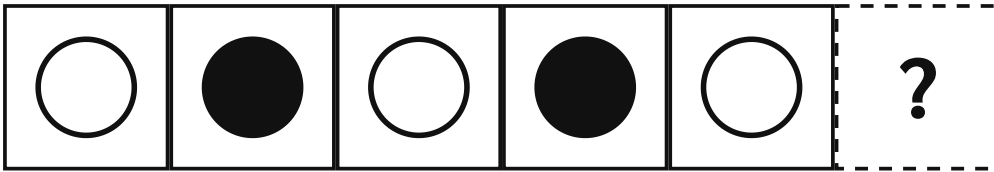

Clock face (hands not shown)

- A.** 60 degrees
- B.** 75 degrees
- C.** 90 degrees
- D.** 105 degrees

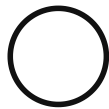

Part 3 Patterns and relationships

Questions 31–45

31. What belongs in the ? box?

A.

B.

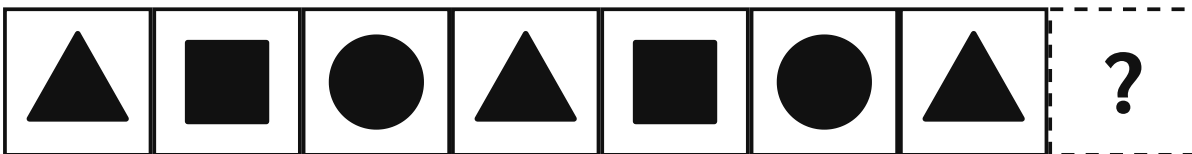

C.

D.

32. What belongs in the ? box?

A.

B.

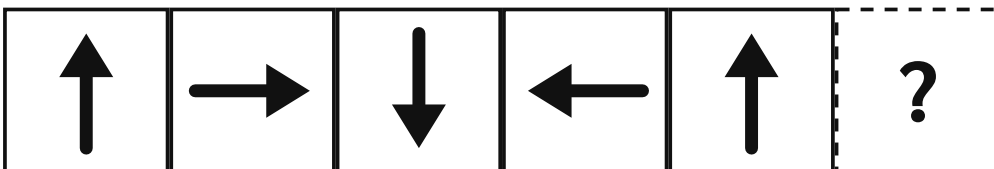

C.

D.

33. Which arrow comes next?

A.

B.

C.

D.

34. Which day comes next in this sequence?

Monday → **Wednesday** → **Friday** → ?

A. Saturday

B. Sunday

C. Thursday

D. Wednesday

35. Which one does **not** belong with the others?

ruler

A.

scissors

B.

clock

C.

scales

D.

36. What belongs in the ? box?

●	● ●	● ● ●
▲ ▲	▲ ▲ ▲	▲ ▲ ▲ ▲
■ ■ ■	■ ■ ■ ■	?

A.

B.

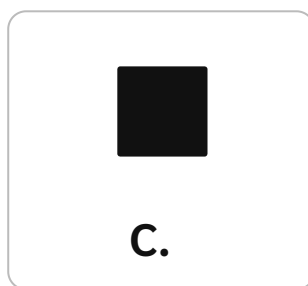

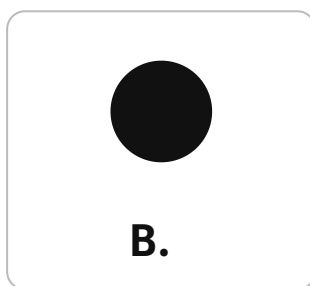

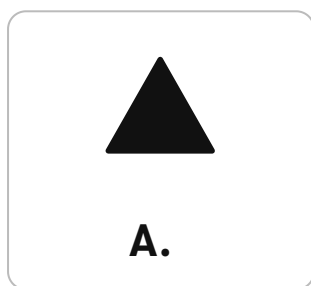

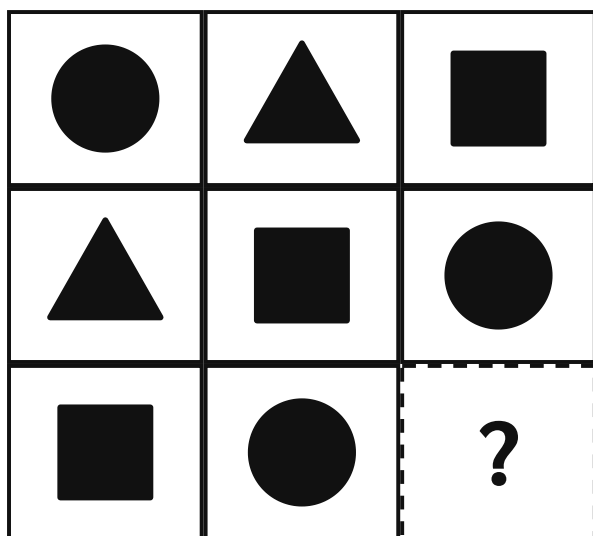

C.

D.

37. What belongs in the ? box?

38. What belongs in the ? box?

2	3	6
4	2	8
5	3	?

A. 8

B. 13

C. 15

D. 18

39. Look at how the ● and the ★ move in rows 1 to 3. Which option shows row 4?

	1	2	3	4	5	6
Row 1	●					★
Row 2		●			★	
Row 3			●	★		
Row 4	?	?	?	?	?	?

1	2	3	4	5	6
		★	●		

A.

1	2	3	4	5	6
	★		●		

B.

1	2	3	4	5	6
		●		★	

C.

1	2	3	4	5	6
			●	★	

D.

40. What number comes next?

1, 10, 3, 9, 5, 8, 7, 7, ?

A. 6

B. 7

C. 8

D. 9

41. Look at the table. What is **5 # 2**?

Given	Result
2 # 3	13
4 # 1	17
3 # 3	18
5 # 2	?

- A. 27 B. 29 C. 49 D. 100

42. What belongs in the ? box?

- 

A.

B.

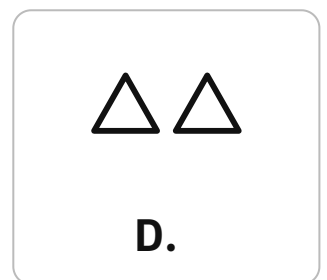

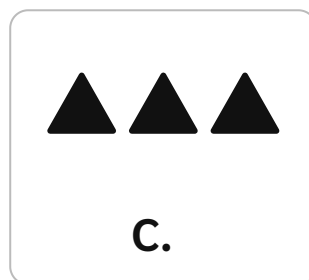

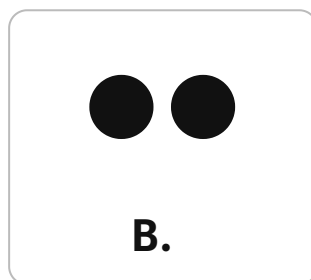

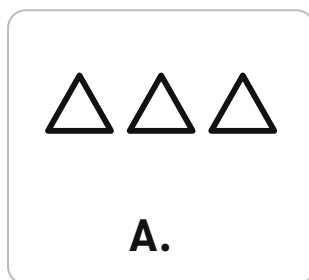

C.

D.

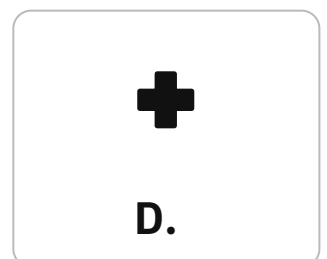

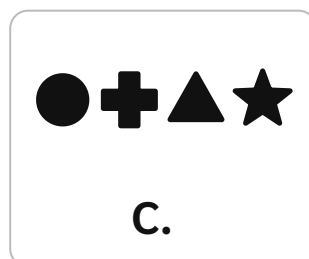

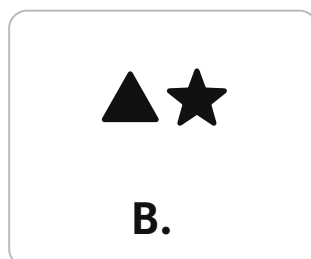

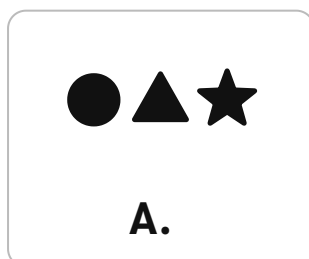

43. What belongs in the ? box?

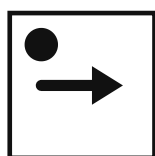

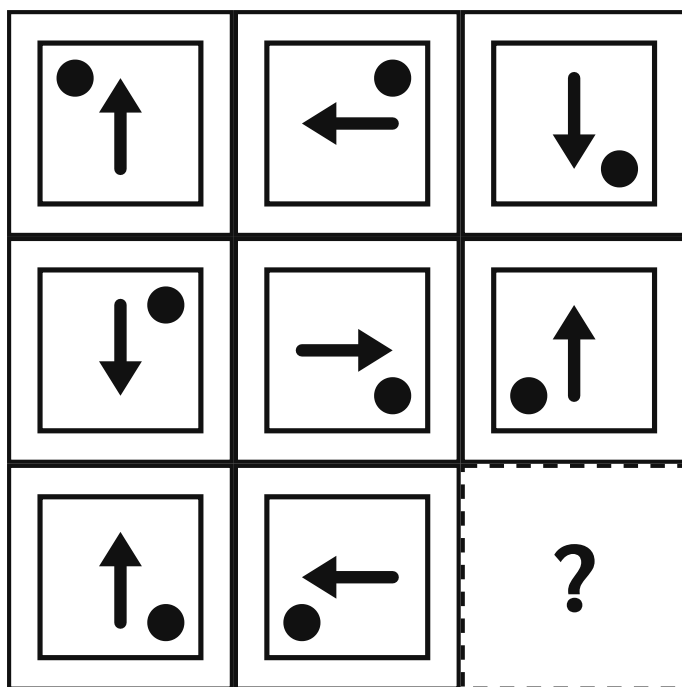

44. Look at how each row works, then choose what belongs in the ? box.

 	  	  
 	 	 
  	 	

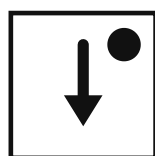

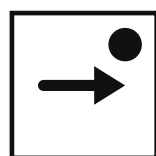

45. What belongs in the ? box?

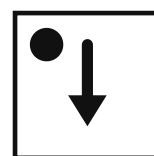

A.

B.

C.

D.

Part 4 Matching speed (writing)

Timed: 90 seconds

How to do it: The key shows which number goes with each shape. In the empty box under each shape, **write the number** that goes with it. Work from left to right, row by row, as **quickly and accurately as you can**. **Don't skip any boxes**. If you make a mistake, don't rub it out; just write the correct number next to it.

Key

					
1	2	3	4	5	6

Practice row (not timed). The first box is done for you. Do the rest with the tester.

					
5					

When you are ready, turn to the next page and wait for the tester to say **“Start”**.

Part 4 Matching speed (timed)

90 seconds

					
1	2	3	4	5	6

End of the test. Thank you!
